

ZieZie, Sensei

Okay
I'm freaky, kinda cocky
Love the foreplay
Hypnotize your shawty with a skin fade
Gyal already know a nigga been great
Granny said my work rate
Coming like a sensei

I like my gyal freaky when she step up on the throne
African man, I got the broom
Push it up on me baby, let me see you work work
Been in mama, been in mama, rassclart
Batty jiggle-jiggle she a fine girl
Sweet sweet one (Jheeze) dat's my girl
Let me teach you little suttin', make them toes curl
Now she lockin' off the niggas tryna pipe her

Hypnotize and analyze
See me shine and see me grind
On my way, on my way
Still towed my car away

Coming like a sensei (Sensei)
Meditate when a nigga press play
She tryna go the whole way
Still I, stick her to the hallway
And I have a peek, push her back
Calling to me for no problem, proper dog
Mr Lover, Mr Boss
There were the worst times
Used to keep depressing
Now we stepping in the bustdown (aye, yeah)

Hypnotize and analyze
See me shine and see me grind
On my way, on my way
Still towed my car away
