

# Ziggy Marley, Keep My Faith

Worlds all changing  
They trying to change us too  
I might be going crazy  
What am I to do

Keep my faith

Walls crumble around me  
I'm not surprised  
What could I do  
When you took my rights

Keep my faith

Like forty days and forty nights  
In this wilderness of life  
I am tempted  
Frustration stirs up strife  
Oh no no

Keep my faith

Circle around the sun  
The signs are in the skies  
The day will come  
After the night

Mama say  
Keep my faith, what you gonna do  
Daddy say Lord  
Keep my faith  
Jah Jah say now  
Keep my faith  
People say  
Keep my faith  
Nothing they can do  
Keep my faith  
I even could be blue  
I keep my faith  
Could be down in the trenches  
Could be down in the trenches  
Keep my faith  
Could down on my last breath  
keep my faith

One more thing Jim  
Walls crumble around me  
I am not surprised  
There's nothing I could do  
When they took my rights but  
What you say

Keep my faith  
Jah Jah, Keep my faith  
What you gonna do  
Jah I Keep my faith  
I'll Keep my faith  
What you gonna do  
Keep my faith
