

# Ziggy Marley, We Are One

There is a knowledge we all know  
Yet we don't know, yet we don't know  
There is a knowledge we all know  
Yet we don't know, yet we don't know

We are one

There is a spirit we all know  
Yet we don't know, yet we don't know  
There is a spirit we all know  
Yet we don't know, yet we don't know

We are one

Is it so hard to love one another  
My brother  
To see each other as we are  
My sister  
The earthy family  
Forever

Wake up  
Wake up now  
Wake up  
Wake up now  
Wake up to the realization  
That we are all of one nation  
Everyone let's have some fun  
Under the moon, the stars, the sun

Cause We are one  
We are one

There is a knowledge  
We are one  
There is a spirit  
We are one
