

# Ziggy Marley, When Lights Gone Out

When the lights gone out and the food run out  
all we have is just the music  
when the lights gone out and the food run out  
all we have is just the music  
A battery tape playing in the street  
my only relief

all we have is just the music  
No matter what the crisis  
it keep the spirit lively  
just as you feeling blue  
well I'll be there for you

When the lights gone out and the food run out  
all we have is just the music  
when the lights gone out and the food run out  
all we have is just the music  
Pretty girls dance in the street  
my only relief

all we have is just the music  
There ain't no dance  
unless you have good music  
if you don't have good music  
then you don't have a chance

When the lights gone out and the food run out  
all we have is just the music  
when the lights gone out and the food run out  
all we have is just the music  
And a battery tape playing in the street  
my only relief

all we have is just the music  
SOLO

When there ain't no justice to be found  
they kicking you around

all we have is just the music  
When the light gone out and the food run out  
all we own is just music

You all know there ain't no party  
unless the music Irie  
there ain't no love unless you show me

When the lights gone out and the food run out  
all we have is just the music

when the lights gone out and the food run out  
all we have is just the music

When the lights gone out and the food run out  
when there ain't no justice to be found  
is just the music

when there ain't no answer from above  
when there ain't no one to love  
is just the music

When there ain't no shoe on your feet  
when there ain't nothing to eat

all we have is just the music  
when the lights gone out and the food run out  
all we have is just the music
