And the whole world is become....

Elektronik, Supersonik,  
Supersonik, Elektronik,

Hey baby ride with me away,  
We doesn't have much time,  
My blue jeans is tight,  
So onto my love rocket, climb,  
Inside tank of fuel is not fuel, but love,  
Above us, there is nothing above,  
but the stars, above

All systems gone!  
Prepare for downcount!

5...4...3...1! Off blast!

Fly away, my space rocket,  
You no need put money in my pocket  
The door is closed I just lock it,  
(Ha) I put my (Ha) port plug in your socket (Ha Ha Ha)

The sonic sky is bright like fire  
You and me gets higher and higher  
Cut communication wire  
Only thing can stop us is flat tire

Ha, Ha, Ha Ha Ha Ha

Hey love crusaider  
I want to be your space invader  
For you I will decend the deepest moon crater  
I is more stronger than Darth Vapour  
Obey me I is your new dictator  
For you is Venus, I am Mars  
With you I is more richer than all the tzars  
Make a wishes on a shooting stars  
Then for you I will play on my cosmic guitars!

Ladies and Gentlemen  
Fasten your beltseats  
We has commenced our decent  
I trust you enjoy this flight  
As much as you enjoy this accent

Now back on Earth its time for downsplash  
Into sea of eternal glory my spaceship crash  
People have arrived for cheer me from near and far  
And as I float I open door and shout  
"I am worlds biggest, washed-up superstar!"

(Supersonik, Elektronik)

As for sure as the sun rises in the west  
Of all the seas and all the boats I am the bestest  
come, let me put ring of Jupiter on your finger  
Then like a smell around you I will forever linger  
Ok, is time for end, no more will I sang  
Let me take you back in time,  
I want for you to experience big bang

Long live space race  
Long live, Molvania
