What can I say life ain't easy easy
Today I feel blue but i know I will be
Happy tomorrow my love will lead the way
What can I say life is crazy crazy
Keep on doin' your thing don't be lazy baby
Tomorrow the sun will shine on through the rain
Sometimes it's tough
But stop complaining
That's what it's all about
Life is a training and all the precious goods are hard to get
Maybe I fail
I kepp on skankin'
That's what it's all about
Singing and dancing cause all the simple things are hard to get
And I sing my song for all of you
I always wear a smile - you ask me why?
What can I say....
All that I'm sayin'
Is that it's worth it
Just try to give your best
And you deserve it cause all the precious goods are there to get
One of this days
I know I'm gonna make it
And all I'm longin' for
I'm gonna take it cause all the simple things are there to get
And I sing my song....
What can I say....
Life ain't easy I know I will be
Happy tomorrow my love will lead the way
Life is crazy so don't be so lazy
Tomorrow the sun will shine on through the rain
