

Zola Jesus, Fall Back

In the dark I feel around me
In the clouded mess, you surround me.
I am not afraid to let go
Of all the history that pushed me over.

This is my home
You are my only one
We both become one
In my deep, I feel your body.

My home
In the waking night I hold you
So close
You are my only one.

You are my only one
Forever /4x

I would do anything to be the one with you /4x
Forever /2x
Fall back

I would do anything to be the one with you /2x
Forever /2x
Fall back

I would do anything to be the one with you /4x
I would do anything to be the one for ever

Fall back /4x
