

Zolof The Rock & Roll Destroyer, Death Or Radio

It's like ten tornadoes
A monster so cutthroat it could choke us all
I'm frustrated but it all comes down tonight

Let's hold hands and listen to shitty bands
Tossing records out the window
now it's either death or radio
Who are you and where did you come from?

So yeah, I'm the devil
And we both got plots
One more run then drop
Let it all cave in, make it all come down tonight

Let's hold hands and listen to shitty bands
Tossing records out the window
now it's either death or radio
Who are you and where did you come from?

We're all part of it
So give up, so give up, just give up, give up
We're all a part of this
So give up, so give up, let's give up, give up

Let's hold hands and listen to shitty bands
Tossing records out the window
now it's either death or radio
Who are you and where did you come from?
Where did you come from?
