

# Zonata, Unleashed

Living in silence for eons,  
He's planning the end for mankind  
His eyes are ablaze with fury,  
Venomous gaze is scorching us all

Feeling the stench of the carnage,  
Sanctuary is wiped out and lost  
The beast will announce it's arrival,  
The moon turns bloodred,  
The seas start to boil

Dreams of freedom perish and die  
Sewing the seeds of death and decay

Soaring up to the sky, demonic vultures fly  
Unleashed at last he is stalking the earth,  
Spreading chaos and dismay

The sky is darkening slowly  
As he draws forth over the plains  
Corroding our hearts with his hatred,  
Barren and dead lies the ground  
Where he has been  
His sign will be seen on his chosen  
Fire will fall from the sky  
Black is the veil of destruction  
The lamb lies dead, the grail is no more

Dreams of freedom perish and die  
Sewing the seeds of death and decay

Soaring up to the sky, demonic vultures fly  
Unleashed at last he is stalking the earth,  
Spreading chaos and dismay

Soaring up to the sky, demonic vultures fly  
Unleashed at last he is stalking the earth,  
Spreading chaos and dismay

Beware of the gaze of the serpent,  
The evil can lead you astray  
Feeling the blow of the trumpets,  
The sky will fall down and life will decline

Dreams of freedom perish and die  
Sewing the seeds of death and decay

Soaring up to the sky, demonic vultures fly  
Unleashed at last he is stalking the earth,  
Spreading chaos and dismay
