

# Zornik, Keep Me Down

I haven't seen the things you've seen,  
I'm rushing to an empty goal,  
I lost control

Every minute I remind myself,  
There's no way back unless I fall,  
I'm fighting my war

Keep me down  
Keep me down,  
no

What's not I can not help tumble down  
But it's too late too soon or now  
I lost control

And you push me back up  
and I wanna get down  
And you push me back up  
and I wanna get down on the ground  
I wanna get out

Keep me down  
Keep me down,  
no

And you push me up more and I wanna get down  
And you push me up more and I wanna resist  
And I push you on the floor but I don't wanna fight  
Can we please now stop

Keep me down  
Keep me down,  
no (2x)
