

# Zucchero, If Not Tonight

If not tonight  
Tell me when my love  
Who is it and why  
Do I play the fool for you?  
If not tonight  
Will I wait forever?  
For you to come around  
Waiting's all I seem to do  
Yeah, Yeah, yeah.....if not tonight  
Will there ever be another night  
Just like this one, anyway?  
Yeah, Yeah, yeah....when the time is right  
Let it be with you tonight  
There will never be a night  
Underneath the stars  
Beneath a hangnail moon  
Sinking down into the sea  
It's not the time  
'Cause I could wait forever  
If waiting is what you want  
Waiting's been the death of me  
Yeah, Yeah, yeah.....if not tonight  
Will there ever be another night  
Just like this one, anyway?  
Yeah, Yeah, yeah....when the time is right  
Let it be with you tonight  
There will never be a night  
If not tonight  
Some days I go out of my head  
Some days I get shaken  
One day I will open my eyes  
Some day I'll awaken.....  
Yeah, Yeah, yeah.....if not tonight  
Will there ever be another day  
Quite like this one, anyway  
Yeah, Yeah, yeah.....if not tonight  
Will there ever be another day  
Quite like this one, anyway  
Yeah, Yeah, yeah....when the time is right  
Let it be with you tonight  
There will never be a night  
If not tonight  
Tell me when, my love.....
