

# Zuccherò, World

World, forgotten child  
forsaken dream  
In silence grieves  
World, a mourning sky  
a weeping sea  
Abandoned lies  
Lost is the cadence of the heart,  
Broken strings, a promise torn apart  
Lost is the music of the soul,  
Dying echo, a story yet untold.  
World, forgotten words  
forsaken love  
In silence yearns  
World, a whispered song  
a gentle sign  
Discarded burns  
Lost is the memory of time,  
Broken wires, a vision out of line  
Lost is the chorus of life,  
Fading air borne away to die  
World, forgotten faith  
forsaken hope  
In silence falls  
World, a murmured wish  
a uttered cry  
Rejected calls  
World, clinging to the sun  
World, a promise yet to come  
World, clutching at a dream  
Of the few who rise to redeem  
World...
