

Zug Izland, Live

Clear out your mind
Look to your past and see what you can find
Stole soul afraid
Of the prophets perfect picture falls away

Is this the life that we choose to live
Or is this the life that has been giving
Now is the time to see what my life should be
What is mine!?

We live in Shangri La now!
We live in!
We live in!
We live in Shangri La now
We live in!
We live in!

It's a timeless rage
For many people praying to be saved
Truth is so strong
It needs lights to guide it so it can carry on
I've seen blood on my hands
Am I dead or is this where it begins
I feel the shame
For my friend who put a bullet in his brain!

We live in Shangri La now!
We live in!
We live in!
We live in Shangri La now
We live in!
We live in!

I've got
You've got
We've got
Something to die for
I've got
You've got
We've got
Something to die for
I've got
You've got
We've got
Something to die for
I've got
You've got
We've got
Something to die for
I've got
You've got
We've got
Something to die for

We live in Shangri La now!
We live in!
We live in!
We live in Shangri La now
We live in!
We live in!
We live in Shangri La now!
We live in!
We live in!
We live in Shangri La now
We live in!
We live in!
We live in Shangri La now!
We live in!

We live in!
We live in Shangri La now
We live in!
We live in!
We live in Shangri La now!
We live in!
We live in!
We live in Shangri La now
We live in!
We live in!
