

Zulu, Dancehall Queen

The number one sound in the middle of de country where dem all tour
It's the ragamuffin bad man Zulu inna dancehall,
Let me see you shake your body once more

Baby would you break it down upon you knees
Never see no gal dem work it like these

Gal you dangerous, wan fi stay with us, ride de train with us, entertaining us
Run away with us? Baby that's more than we bargained for but for de time being,
Work de dance floor

Show de next gal walking through the door what you have in store

It's like you're my dancehall queen, run de place with that thing
Show de gal dem who's boss, any gal who come across
Mek dem know dem can't pass, break it down now

Wind and go down, Straight to de ground
Turn it back again, Now pick up de pace
Here comes the bass

The youth na pretend when me see de woman dem a work upon de stage
Baby would you shake it all out for me, show me seh your body versatile

Show de gal dem who's boss, any gal who come across
Mek dem know dem can't pass, break it down now

Wind and go down, Straight to de ground
