Ain't gonna no where when yo' tire is flat  
Better get religion, that's where it at  
Hey  
'coz when it's all blown out,  
There ain't no doubt  
A can o' th' man what it's all about  
Hey  
'coz if ya' break down, if ya' break down  
Crucifixx-a-flatt gonna get 'cha 'round this town  
And that's where ya wanna be  
'coz if ya' break down, if ya' break down  
Crucifixx-a-flatt gonna' get 'cha 'round this town  
And that's where it's gonna be  
Hey  
A throttle & a bottle baby I don't care  
My canned icon gimme plenty of air  
Hey  
And keep a can in hand of  
Restor your faith  
Coz when ya got your fix you hold the ace  
Hey  
'coz if ya' break down, if ya' break down  
Crucifixx-a-flatt gonna get 'cha 'round this town  
And that's where ya wanna be  
'coz if ya' break down, if ya' break down  
Crucifixx-a-flatt gonna' get 'cha 'round this town  
And that's where ya got to be babe  
Hey  
You wanna keep it full,  
You wanna' keep it big  
Beats thumbin' a ride, beats bummin' a cig  
Hey  
Just ask for mercy and praise th' lord  
Crucifixx-a-flatt that' what it's for  
Hey  
'coz if ya' break down, if ya' break down  
Crucifixx-a-flatt gonna get 'cha 'round this town  
And that's where ya wanna be  
'coz if ya' break down, if ya' break down  
Crucifixx-a-flatt gonna' get 'cha 'round this town  
And that's where ya wanna,  
Say zz, say ya wanna be
