

10 Years, Drug Of Choice

Sex always sells, Death is a thrill
Entertain my lack of patience
How much we pay to be tailor made
The fashion slaves, the trends will change

Now what is your drug of choice, pick your position and enjoy
What is your drug of choice, pick your position and enjoy
Disasterbation, The thrill of the nation
Temptation is for sale
Disasterbation, The death of a nation
Manipulate yourself

Reality, scripted TV
Chasing 15 minutes of fame
Fight over fuel, Violence in school
The youth are as confused as I am

Now what is your drug of choice, pick your position and enjoy
What is your drug of choice, pick your position and enjoy
Disasterbation, The thrill of the nation
Temptation is for sale
Disasterbation, The death of a nation
Manipulate yourself

We're so weak for blaming persuasion
Live a life based on imitation, on imitation, on imitation

Now what is your drug of choice, pick your position and enjoy
Disasterbation, The thrill of the nation
Temptation is for sale
Disasterbation, The death of a nation
Manipulate yourself
Disasterbation, The thrill of the nation
Temptation is for sale
Disasterbation, The death of a nation
Manipulate yourself
