

# 100 Pets, Moutain cheer

Oh kindly one  
you glitter like mountain cheer  
through the cold nights numbing fear  
can you still closer still  
I feel you are true  
I trust you through and through  
circling around  
your goodwill surrounds  
I do not feel out of place, out of phrase  
I won't look away anymore  
my kindly one  
oh how you shine
