

# 1000 Travels Of Jawaharlal, Anyway (english)

I consider many things in my head. I want to do this or that.

But, I kept thinking and thinking, and I did nothing.

I did nothing, nobody blames to me. But I think of myself that I am not that great.

It is easy to make it in some causes... but.

Simply, I do what I can do. Anyway, I do little by little.

Don't get impatient. Anyway, I only do what I can at my own pace.
