

100th And May, My Greatest Fan(Jek Still Has It)

-Verse 1-

You're just above from amazing
I'm a little short from anything
So would you take my hand
And let's run away
She likes the truth in any way
Even does dances when it rains
And she asked me I'd like
To finish my life with her

-Chorus-

Well I would take you my friend
To a place far away
I know we're in over our head
But you look so sweet, my greatest fan

-Verse 2-

Believe me, she's more than a song
She shines like Heaven when she's strong
Though lyrically, I'm not a poet
And strangely I'm ok
Cause you and I will outlive forever
We'll give it a shot, someday
