

# 100th And May, When I See You(The Brandon Day Song)

Theres no other way to say this  
Love, Ive got to sing it  
Gotta keep my head above the mountains  
That Ive climbed to be with you  
We were caught in something  
I didnt let go  
I told myself youd be back soon  
I really hope I was right  
Honestly, Im tired of comin in last place  
Honestly, I honestly  
Knew that I was wrong  
Knew that I would fall  
Knew that Id give everything I had  
Just to see you smile  
Tried to be perfect  
Tried to let you let  
Trying be as simple as the words  
That come from my heart  
You took me by surprise  
When I first saw you  
The sunlight in your hair  
O, that long black hair in your face  
I was nervous when you  
Sat right down beside me  
A firework display was nothing  
Compared to your eyes that nite  
Honestly, Im tired of comin in last place  
Honestly, I honestly  
Knew that I was wrong  
Knew that I would fall  
Knew that Id give everything I had  
Just to see you smile  
Tried to be perfect  
Tried to let you let  
Trying be as simple as the words  
That come from my heart  
And I would do it again  
Just to relive those seconds  
Even fireworks couldnt compare to you, my dear  
Nor the stars that they shinned with  
Its a memory  
That I hope to see again  
To see you smile one more time  
To see your face shine like the stars  
I knew that I was wrong  
Knew that I would fall  
But it didnt matter, cause I was with you  
And you were with me  
You were so perfect  
You were the one who let  
This heart come back alive  
With the way that I felt inside  
I dont care if I am wrong  
Dont care if I will fall  
All that matters is that you could see  
What you do to me  
When I see you  
When I see you
