

# 10CC, Don't Send We Back

We came across from Korea  
We braved the wind and the rain  
We came a thousand miles just to be here  
And you want to send we back again

We crossed Malaysian waters  
We sailed the South China Sea  
We stopped at Singapore and Jakarta  
And you want to send we back to sea

Don't send we back, have mercy upon us  
We know you don't want us but we've got no one  
Don't send we back, we've run out of water  
We won't last the morning in the baking sun

The Indonesian Islands  
We stopped at every one  
As for the Philippines we tried 'em  
And you want to turn our boat around
