

# 10CC, Tokyo

Transistorised, and anodised  
Chrome plated, squeaky clean  
Oh Tokyo, oh Tokyo  
Oh Tokyo I love you

You're trembling, you're choking  
But you're magical to me  
Oh Tokyo, oh Tokyo  
Oh Tokyo I love you

Kimonos, and Geisha girls  
From grade one, down to three  
Oh Tokyo, oh Tokyo  
Oh Tokyo I love you

Land of the rising sun  
You have taken my heart away  
With your beauty you nearly blinded me  
In your beauty I want to stay

I bow to you with my heart  
I think of you every day  
When I dream you are there beside me  
But when I waken you're far away

Perfection, in miniature  
With tiny hands, smiling eyes  
Oh Tokyo, oh Tokyo  
Oh Tokyo I love you  
Tokyo

When I dream you are there beside me
