

112, For Awhile

(feat. Faith Evans)

[Faith]

Living my life without you
Something I don't wanna do
So please don't walk away
And leave me all alone
Baby, stay for just a while

[Chorus:]

Why can't you stay with me
For just a while
Cuz if you leave
You'll take a piece of me
Why can't you stay
With me for just a while
Boy, you know you have the key to my heart

[112]

Oh baby, girl I don't want you to go
You are my heart and soul
The reason that I live
The one that I adore
And I can't stand the thought
Of being by myself
But I can't see myself
Loving no, nobody else

[Chorus]

[112]

And when ever you need me girl
I'll be right by your side
I'll always love you
Who can love you
Why won't you stay with me awhile

[Ad lib]

[Repeat Chorus until fade]
