

# 112, Hot & Wet (Remix)

[Intro]

112, 112

You know how we do

This is the remix

Guess who's back

Bad boy baby

Yo luda talk to 'em

[Verse 1 (Rap)]

Now baby you don't work if u work it

Tweak it twork it

I feel like your every imperfection is perfect

Luda yea what you heard is true

I'll make u do things you ain't even know you can do

Got them weak in the knees cuz my back is strong

And you wonder why your girls wanna tag along

Cuz them birds are jealous

My words are embellish

Plus they heard I kiss every curve and crevice

I'm too hot to handle

I rock your mantle

When I play 112 and light 16 candles

Deep sea fishing in your favorite position

Everytime you moan I pay close attention

Flip 'em like a pancake

Show me something

Or we can bring in your vibrating tongue ring

Lets mountain climb 'til we reach the peak

The technique will make u sweat

But don't sweat the technique

[Verse 2]

I wanna show you how I feel

Don't hold back

Heres my love

Baby you're the one for me

How can we get down tonight

No more game lets spend some time

Baby won't you give it to me

Jus give it to me baby

[Chorus]

You don't know what

You do to me

The way you touch baby

Girl I'm tired of playing games are you ready

I love it when you're on top of it

So spread it

Won't u just give it to me, girl we can do it

[x2]

Hot and wet

Girl u make me wanna sweat

When u touch me like that

Girl you know I wanna give it to you

[Verse 3]

Baby now it's getting late

Don't stop now

I can't wait

To show u belong to me

Know how I like it

Take your time

Close your eyes

Let me show you what real love should be

[Chorus]
