

# 112, Just A Little While

I have to go away  
My flight's not far away  
You think your love has strength  
But it's just your mind, oh yeah  
My heart is in your hand  
Waiting for your command  
That's enough assurance to believe I'm true  
So baby hold on

[Chorus:]  
Just a little while  
Just a little while longer  
Just a little while  
I'm coming back to you  
In a little while  
For a little while longer  
In a little while  
I'm coming back

A thousand wasted tears  
Our love's been strong for years  
Your cry is not in vain  
Cuz I understand  
I'm trying to be the man  
You loved when we began  
Your cry is not alone  
I'm crying too  
You gotta hold on

[Chorus]

If only you knew my love  
You wouldn't feel this way  
Baby don't be afraid  
Cuz I'm coming back to you

Do you hear my plea  
For understanding  
Wait for me  
In my arms you're gonna be  
In just

[Repeat Chorus until fade]
