

112, Lonely Heart

Mike and a girl talking to each other:]

[Girl:] Mike..

[Mike:] Yeah, baby

[Girl:] It's over

[Mike:] How can you say that?

[Girl:] I'm sorry. The love is gone.

[Mike:] No, please don't leave me.

[Girl:] Don't feel bad.

[Mike:] How can I not feel bad. I love you.

[Girl:] But, it's better this way.

[Mike:] No. I don't believe this.

[Girl:] No, baby

I never thought that it could be

You would turn and do this to me

I can feel the love that we had between us

Merely fade away

You told me you'd never go away

And for me you'd always be here

Now you tell me that somethings wrong and you must move on

[Chorus:]

Lonely heart is what I'll be

And no one cares for me

Let me show you now

The way that it would be if you were with me

Now I can feel the love we share

When you say it's not there

Deep inside I know that you still care

But I need you to show me now

I'm lookin' for a quiet place where love is free

And the dreams we shared last eternally

I feel now that it's the time

So won't you please come over here

The closer and the closer I get to you

Keeps me warm to know that you'll stay around

So please keep your promise to me and don't go

[Chorus]

Let me show you now

The way that it would be if you were with me

Now I can feel the love we share

When you say it's not there

Deep inside I know that you still care

But I need you to show me now

[Chorus (fades out)]
