

1st Lady, Never be replaced

Baby I lov
And I'll never let you go
But if I have to boy I think that you should know
All the love we made
Can never be erased
And I promise you that you will never be replaced
I love you
Yes I do
I'll be with you as long as you want me to
Until ...
... the end ...
... of time
1. From the day I met you I knew we'd be together
And now I know I wanna be with you forever
I wanna marry you
And I wanna have your kids
Thinking never compared to the feeling of your kisses
I could say I'm truly happy till this day
You make me think I better live my life everyday
There's never been a doubt
In my mind
That I regret ever having you by my side
But if day comes that I have to let you go
I think theres somethin I should probably let you know
That everyday
That I've spent with you
And I will miss you cause I'm happy that I had you at all
Baby I lov
And I'll never let you go
But if I have to boy I think that you should know
All the love we made
Can never be erased
And I promise you that you will never be replaced
I love you
Yes I do
I'll be with you as long as you want me to
Until ...
... the end ...
... of time
