2 Fabiola, A World For U And Me

Freak out today I want you here to say

Freak out today

So let's party into the night again

There's something going on tonight

I hear the music, see the light

So follow me into my dream

Freakin' is the part of life

Freak out today

I want you here to say

Freak out today

So let's party into the night again

So let's make hope out of hate

Common' and dance, it's not too late

We all can freak out today

Freakin' is the part of life

Freak out today

I want you here to say

Freak out today

So let's party into the night again

Freakin' is the part of life

Freak out today

I want you here to say

Freak out today

So let's party into the night again
