

2 Heaven, Be My Love

So come on be my soul
Please dont go, oh no
Try to loose control
Be my love
My heart is just for you
So please tell me true
Cause I cant say no more
So come on be my soul
And Try to loose control
Youre the one for me
Yesterday I was alone
In my mind was still your voice
Now I cant stop think about you
I wanna see you once again
I love you so
I want you to know
And I feel
Youre ready to be more
So take my hand
To lovely land
And I take you now
To heaven
So come on be my soul
Please dont go, oh no
Try to loose control
Be my love
Please dont go
I love you so
I want you to know
And I feel
Youre ready to be more
So take my hand
To lovely land
I take you now
To heaven
I love you so
I want you to know
And I feel
Youre ready to be more
So take my hand
To lovely land
I take you now
To heaven
