

22-20s, The Things That Lovers Do

if I didn't have a mind
we could love like actors do
I'd tell you lines you want to hear
act the way you want me to

we could live behind the screen
we could live it scene by scene
if I didn't have a mind
I know I wouldn't miss a cue

I know you wish we could do
the things that lovers do
I wish I could dance with you
but girl my feet don't move

if I didn't have a heart
I know I wouldn't miss a beat
sweep your girl right off your feet
sweep you out into the street

leave you crying on the floor
leave you crying out for more
if I didn't have a heart
I'd be the one you're looking for
be the one you're looking for
be the one you're looking for
