

# 28 Days, Deadly Like

And It's like bam  
cause the beat is so fresh  
it's like i'm rippin apart the rest  
but they try never the less  
it's like everybody wants a piece  
of the big apple pie  
but they haven't got the heart  
it's like do or die  
you've got to have the shit  
never let them make you quit  
rule number one is that you're  
not to give a shit  
about every damn body that  
now wants to get you down  
even though you're broke and  
still livin in funky town  
the free shit is cool no  
don't try to get me wrong  
just for kickin another lyric  
over 28 metal songs  
you see i got the best job  
in the whole damn world  
props go out to Jackson Dee  
mad props go out to my girl  
You might want to step the fuck back  
or just try to fake the funk  
and make me attack  
you vocally snikt snikt  
i'm like wolverine  
cut you deeper than a fuckin guillotine  
it's just like a bad dream  
time to get with the program  
no glam, no glitz  
check this shit fuck the counterfeits  
they want hits  
that shits me so please quit  
do i have to make you submit  
no you don't want that shit  
beats are so fresh it's like bam  
beats are so fresh it's like bam  
beats are so fresh it's like bam  
beats are so fresh  
28 and system  
beats so heavy you know you can't lift em  
28 and system  
beats so heavy you know you can't lift em  
28 and system  
beats so heavy you know you can't lift em  
28 and system  
beats so heavy you know you can't lift em  
everybody's feelin laid back another  
track from the system of the  
pound and the crew with the mad sounds  
how long have you waited for us to kick it  
like this the big beats is mad fun  
and that's what it is and here we go, go  
we got a system where the kids say go  
and then we rock em, not with rocks  
but with blocks of guitars and mad cuts  
jedi master jay watch the kid  
rip it up cross fader darth vader  
watch him bring it on cold rock  
the decks in effect and i'm like  
qui-gon-jinn rock the mic

get psyched, deadly like a light saber  
feel the force from the source  
cause he's no imitator  
bam now that the lyrics are so fresh  
28 and system  
beats so heavy you know you can't lift em  
28 and system  
beats so heavy you know you can't lift em  
28 and system  
beats so heavy you know you can't lift em  
28 and system
