

28 Days, Know The Score

Turned on the tv screen and what did i see
a video fuckin collage of our atrocities
turtles getting cut open by the poachers
knife how can i just look at that and not
change my life

Sometimes my life is lucky and
sometimes it's not
i'm lucky enough to do something more
Something else i saw that made
me want to boff

it was a video of an elephant tusk
they were chopping it off
why do us human beings have to wreck
everything without a fukin thought
yeah of the pain, yeah that it brings
yeah that it brings, yeah that it brings,
yeah that it brings

Something else i saw that made
me want to boff

it was a video of an elephant tusk
while they were chopping it off
why do us human beings have to wreck
everything without a fukin thought
yeah of the pain, yeah that it brings
yeah that it brings, that it brings,
yeah that it brings

that it brings brings brings

yeah that it brings

brings brings

yeah that it brings

yeah that it brings

the pain that it brings

yeah that it brings.
