

# 2Pac, Pac's Life

(Intro)

(2Pac)

Everybody needs to chill  
Player haters  
Want to see me dead  
Only real niggas  
Stay on top  
All these niggas  
Be mad as shit  
Cause they can't live  
Like Pac

(2Pac)

Started with five shots  
Never drop the killer  
Never figured that  
That same nigga  
Sell five million  
Hit the charts  
Like a mad man  
Nothin' but hits  
Court cases  
Got a nigga  
Facin' multiple digits  
Dodgin' cop cars  
Look how we came  
So far  
Picture a high school  
Drop out  
Rollin' a double R  
House full of happiness  
Weed and drank  
Way out  
So it's local  
Try to finally came  
Never visioned  
Livin' longer  
Than my twenty-first  
Thought I would  
Be locked down  
Cracked out  
Or in the dirt  
And though it hurts  
To see a change  
It comes with the fame  
Watch for gospel  
In this silly game  
( Man )  
To all the muthafuckas  
Speakin' down on me  
This is the night  
Why is everybody  
Caught up  
In Pac's life

(Outro)

(2Pac)

Why are all you niggas  
Up on shit

( To all y'all niggas )  
Fuck all y'all  
My life

This is Pac's life  
And everybody needs to chill  
Cause this is Pac's life  
Player haters want  
To see me killed  
Pac's life  
Only real niggas  
Stay on top  
Now all these niggas  
Mad at me  
Cause they can't live  
Like Pac
