

3-11 Porter, Love Train

Come with me lets go to the sea
And try to find our melody
Come with me Ill take you there
And draw your mood in the sand
Feed me with your tenderness
Your love your hopes your happiness
In your brown eyes I can see
Your dreams your blues a mystery
Feels like Im sailing to the moon
Im on the Love Train
And I know where Im going
Im on the Love Train
Kind of speeding up for life
I surrender cause I know how much I love you
Youre like a star
