

3-11 Porter, You And Me

You and me
are gonna be free
To fall in love
with some dignity
You and me,
low life desire
You and me,
low life desire
You and me
spend our night
Sharing dreams
and a burning flame
You and me,
low life desire
You and me,
low life desire
You and me
are heading south
To find ourselves
some pleasures tools
You and me,
low life desire
You and me,
low life desire
