

# 3 Colours Red, This Is My Time

Wasn't meant to be  
So long in silence  
But it took so long  
To belong  
I'm bored out of my tiny mind  
If this is all it is  
Then you're gone to heaven  
Race you to the high  
Openings  
I never knew of  
This Is My Time  
This Is My Time  
Wasn't meant to be  
So down underground  
Now I see the sun  
And I feel like something good is gonna happen  
It could always be  
That you're there  
And I'm here  
We'll play around  
And then  
Sleep until the nighttime comes  
This Is My Time  
This Is My Time  
You wanna high  
You wanna fly  
Your feet are in the underground  
And different is indifference and  
Nobody's going to hear you boy  
But scream on dream on  
Wasn't meant to be  
So long in silence  
This Is My Time  
This Is My Time  
This Is My Time  
This Is My Time  
This Is My Time  
Coming home  
Coming home  
To you
