

3 Doors Down, Here Without You (acoustic)

A hundred days have made me older
Since the last time that I saw your pretty face
A thousand laughs have made me colder
And I dont think I can look at this the same
But all the miles that separate
They disappear now when Im dreaming of your face

Im here without you baby
But you're still on my lonely mind
I think about you baby
And I dream about you all the time
Im here without you baby
And you're still with me in my dreams
And tonight its only you and me yeah

The miles just keep rollin'
As the people lead their way to say hello
I've heard this life is overrated
But I hope that it gets better as we go oh yeah

Im here without you baby
But you're still on my lonely mind
I think about you baby
And I dream about you all the time
Im here without you baby
But you're still with me in my dreams
And tonight girl its only you and me

Everything I know
And anywhere I go
It gets hard but it wont take away my love
And when the last one falls
When its all said and done
It gets hard but it wont take away my love whoa oh oh

Im here without you baby
But you're still on my lonely mind
I think about you baby
And I dream about you all the time
Im here without you baby
But you're still with me in my dreams
And tonight girl its only you and me yeah oh yeah
Oh oh
