

# 3 Doors Down, The Real Life

I wanted to find somewhere to hide  
And I opened up and left those fears inside  
And I wanted to be anyone else  
Only to find that there was noone there but me

But I woke up to real life  
And I realised its not worth running from anymore  
When there was nowhere left to hide I found out  
That nothings real here but I wont stop now until I find a better part of me

I let those hard days get me down  
And all the things I hate got in my way  
I could of screamed without a sound  
I found myself silenced by those things they say

But I woke up to real life  
And I realised its not worth running from anymore  
When there was nowhere left to hide I found out  
That nothings real here but I wont stop now until I find a better part of me

Thats out there somewhere  
And it cant be that far away  
Thats where ill find myself  
And ill find my way out  
Thats where ill find out

But I woke up to real life  
And I realised its not worth running from anymore  
When there was nowhere left to hide I found out  
That nothings real here but I wont stop now until I find a better part of me
