

3 Feet Smaller, One Time Young

I don't give a shit about
If it's right or not allowed
Living at the same way like you
Makes me proud
I'm the black sheep of the family
The maverick of the football team
I'm grateful for what I am
And what I will be
And I'm learnin', I'm workin'
Whenever I think it's about time
And you call me silly
Just because I live in my own paradise
Cause this is my live as I want it to be
Got everything I need
Cause this is my live as I want it to be
Got everything I need
You think you can tell mean and mean
Cause you know how life's got to be
Have you ever heard the flaming
In the family
Education might be good
But that's no reason why I should
Waste my time with learning or with reading books
You try to get me into
The four year right direction
But I got to say no
Cause I'm only one time young
Cause this is my live as I want it to be
Got everything I need
(repeat)
