311, All Mixed Up

You've got to trust your instinct And let go of regret You've got to bet on yourself now, star 'Cuz that's your best bet

Watch me now with a wicked and wild And I said come with the funky style that gets us known for the show And we'll mix the hip-hop reggae if we say it is so Fuck the naysayers 'cuz they don't mean a thing 'Cuz this is what style we bring, and say

Now it's morning but last night's on my mind There's something I need to get off my chest And no matter what may come to shine The dream will always be mine

All mixed up, you don't know what to do
Next thing you turn around and find the person is you
Thought a freak might be the thing
But the first could be the last
So just get off of your ass

All mixed up, you don't know what to do Next thing you turn around find the person is you Thought a freak might be the thing But you know this will pass So just get off of your ass

You've got to trust your instinct And let go of regret You've got to bet on yourself now, star 'Cuz that's your best bet

Watch me now with a wicked and wild and I said Sick sick bit, got to have it Like busting in on a session when you got to call it quits Sick sick bit, just can't quit The fact that you don't even know makes it fully legit

Now it's morning but last night's on my mind There's something I need to get off my chest And no matter what may come to shine The dream will always be mine

Keep me coming
That is a gal that'll kill them stunning, oh~oh~oh
Keep me coming
That is a gal that'll kill them stunning, hey

You make me nervous, throat dry My brain is empty, don't know why But I saw you doing something which is really truly nothing And you could bust me out all day

Many moons since first I saw you Many moons since first we did the do Many moons since first I saw you Many moons since first we did the do

And why'd I try when I knew it was no?

And why'd I try when I saw it was so? But save it for late 'cuz we should just let it skate 'Cuz the waiting feel is fine, oh
