Let it be known that I'm in the zone And whatever I need I just pick up the phone 'Cuz I'm true with it You're new with it I just swing the thing and then I'm through with it I don't need friends to act like foes 'Cuz I'm Nick Hexum, the one who knows about things 'Cuz it takes two and we swings better than you Then it's time for the dub and we roll into the club And you know just what I do, I'm hittin' in the freak mode Puttin' on a load, sippin' on Guinny then lo and behold Una vision girl from bottom to top and yet I just can't stop, uh 311 show them the air is rarefied Don't give a damn 'cuz the groove is hellafied Grew up punk, listenin' to funk I'm a hyper type of fella that does not touch junk
