Put it in your water,
Put it on your wall,
And it doesn't matter,
Until you fall,

And the kids are running the classroom,
Running the classroom, gone.
But it doesn't matter,
Until you fall...

Throw yourself away, (Throw it away)
Throw yourself away, (Throw it away)

Fix it on your counter,
Put it in your mould,
Forg't what I tell you,
Let's make it strong.

And the kids are running the classroom,
Running the classroom, gone.
But it doesn't matter,
Until you fall...

Throw yourself away, (Throw it away)
Throw yourself away, (Throw it away)

Everyone can see these days are,
Everyone can see these days are,
Everyone can see these days are,
Corrupt,

Everyone can see these days are!
Everyone can see these days are!
Everyone can see these days are!
Corrupt!
