

# 3OH!3, You Gonna Love This

Yeah I'm standing outside the bar, like a fish out of water  
And I'm sorry to bother you miss, you so fine that I gotta peek  
Cause i'm like that, cause i'm like that  
I'm gonna buy you all a drink and, I'll be right back

Drinks at the bar, with your friends there  
Standing so far  
But it feels near, if only she looked  
I could take her home with me  
I'll buy you a round, if you come close  
Turn up the sound, turn the lights down  
Give me a chance, I will take her home with me

You're gonna love this!

Yeah I don't know what's happening,  
And I swear to your honor that in my car that girl was biting on my lips like jeffrey dahmer  
Yeah it's like that, yeah it's like that  
I just drove her back to my place for a night cab

Drinks at the bar, with your friends there  
Standing so far  
But it feels near, if only she looked  
I could take her home with me  
I'll buy you a round, if you come close  
Turn up the sound, turn the lights down  
Give me a chance, I will take her home with me

You're gonna love this! /2x

Yeah you know those flashing lights have got a hold on me  
Yeah I'm high on the feeling that nothing's wrong with me

Oh, yeah you're gonna love this!

Yeah, you know those flashing lights have got a hold on me  
Yeah, I'm high on the feeling that nothing's wrong with me

Yeah, you know those flashing lights have got a hold on me  
Yeah, I'm high on the feeling that nothing's wrong with me
