

3rd Storee, All Aboard

(Anthony President, Brainz Dimilo)

Verse 1:

I want you to role with me

Go wit me

Why? So you can see what was callin' me

The spot where they like to bounce a lot

Pop the tops

And ain't no cops breakin' the party up

Any kinda shorty that you like

You can have her slim

Or thick at the thighs

Y'all need to hit the club wit me

The bubbly will keep on poppin' until 3:00

Pre Chorus:

So what

If we wake the neighbors up

Cause we love to club

Turn the radio up

Hook:

All aboard

If you wanna party some more

Put yo hands in the air then

Come on and get ya club on tonight

Work hard every day and wanna play tonight

All aboard

If you wanna party some more

And ya really not caring

You trying to get yo club on tonight

Then can't nobody stop us now

Verse 2:

I want you to swang wit me

Hang wit me

Why? To get the party off the chain wit me

The club where the shorties ain't stuck up

They back it up

And ain't no thugs tearin' the party up

The only thing they tear up is the floor

And leave all of the haters at the door

Y'all need to hit the club wit me

The ladies free

And yo that's all that we need
