

# 3rd Storee, If Ever

Theres someone in love with you, you know  
Just dont wanna let their feelings show  
Because they're not sure that you, could ever feel the same  
But now he would like to take the chance  
And hope that you both will find romance  
In case you are willing  
Theres something I'd like you to know

(Chorus):

Girl if ever you call me  
I'm there for you girl right or wrong  
I'm telling you now girl  
If ever you need me  
I promise you I'll give you my all  
Someone who will love and sacrifice  
Who knows what it means to treat you right  
Someone who wont change his mind  
But always feel the same  
He wants you to open up your heart  
And hopes that true love might one day start  
Girl if you are willing  
Theres something I'd like you to know...oh baby baby

(Repeat Chorus)

Darling here's my heart (repeat)  
Please take care my darling dear

Cause I,

I do,

Love you,

Its true

And I hope that you are willing girl

To love me in return

And if you are I want you to know

(Repeat Chorus till end)
