Hey ya'll let me see ya dance dance

You know the moves just right
Just grab a shorty by the hand and

Cause nobodys goin home tonight
And if you feel kinda tipsy
Now I know your willing
No ones really cacking
So do your thing
get your club on tonight
Its gonna be real long
let me see ya move
Stop actin like you say the things that weir supposed to do
And if all ya want is the body for tonight until weir through
I really wanna
We bout to punt you too
so what you wanna do
weir gettin crunked up
you gettin crunked up
Im in that spring breakin mood
We breakin all the rules
we gettin crunked up
you gettin crunked up
Im in that roller-skatin, barbequeing, dancin type of mood
we gettin crunked up
you gettin crunked up
We in that drop-top, we the hot-spot, when the girls stop to watch us type of mood
we gettin crunked up
DJ ain't playin no more slow jams
baby girl is bumping, and I'm feelin sane
By the time this night is over
Im pullin her over
Cause Im feelin those jeans
Wooww
And if you brought your home girls with you
Tell em to get with my crew
You can meet me on the floor, if you wanna dance some more
Just because Im bouncing with you
Stop actin like you say the things that weir supposed to do
And if all ya want is the body for tonight until weir through
I really wanna
We bout to punt you too
so what you wanna do
we gettin crunked up
you gettin crunked up
Im in that spring breakin mood
We breakin all the rules
we gettin crunked up
you gettin crunked up
Im in that roller-skatin, barbequeing, dancin type of mood
we gettin crunked up
you gettin crunked up
We in that drop-top, we the hot-spot, when the girls stop to watch us type of mood
we gettin crunked up
Stop actin like you say the things that weir supposed to do

And if all ya want is the body for tonight until weir through
