

# 3rd Storee, Wanna Go Away

[Lil'Man]

They just don't understand  
Though young I'm still a man  
Noone can tell me I don't need you here in my life  
They call it puppy love  
But I've lived long enough  
To know these feelings I feel are for real to me  
And I know I...

[3rd Storee]

Don't wanna go away  
I really wanna stay with you  
But I don't have no say  
For all we have is today  
Said all we have today

[Lil'Man]

They think it's easy to  
Just pack our bags and move  
They just don't know that it means  
So much more to me  
Know if I had my way  
There would never come a day  
That I'd allow us to be so far apart  
And I know I...

[3rd Storee]

Don't wanna go away  
I really wanna stay with you  
But I don't have no say  
For all we have is today

[Lil'Man]

I just keep on looking up in the sky  
Fighting back the tears  
That keep coming to my eyes  
Really hoping to catch me a falling star  
To make a wish upon  
And change the way things are, make it stop

[3rd Storee]

Don't wanna go away  
I really wanna stay with you  
But I don't have no say  
For all we have is today  
Said all we have today

Don't wanna go away  
I really wanna stay with you  
But I don't have no say  
For all we have is today

[Lil'Man]

Said all we have is today  
Said all we have is today
