

3rd Storee, You Don't Want Me To

You dont want me to babe....
oOoh no.
yeah yeah..
yeah yeah yeah yeah..
Listen Baby
I dreamed about
being with you
And I wanna make my dream come true
But I know
that your pain
still remain
(I know your pain still remain)
And I wanna be
the one that you
can put your love And trust into
but when you
really need someone
I like to be
the one who will be right there
I don't know what to say
I'll never have no words
everytime I see your face it hurts
that I can't be with u
cause I know you don't want me to
you don't want me to
I wake up all alone
make breakfast on my own
everything has changed now that you're gone
now i can't be with you
living life is hard to do
When you don't want me to
I thought about
the things I said
And I thought of what went through my head
But please know
that my heart
never change
(please know my heart never change)
And right now I need
for you to see
the very different side of me
When you know
you can love someone
I like to be
the one who will be right there
I don't know what to say
I'll never have the words
everytime I see your face it hurts
that I can't be with u
cause I know you don't want me to
you don't want me to
I wake up all alone
make breakfast on my own
everything has changed now that you're gone
When I can't be with you
living life is hard to do
When you don't want me to
You kno its not easy
when I can't stop thinking
Thinking about you
girl its driving me crazy
because you don't want me to
I don't know what to say
I'll never have the words

everytime I see your face it hurts
that I can't be with u
cause I know you don't want me to
(you don't want me to)
I wake up all alone
make breakfast on my own
everything has changed now that you're gone
When I can't be with you
living life is hard to do
When you don't want me to
