

# 4 Lyn, Incomplete

Visions blurred, but crystal clear.  
So far away seems so near.  
Unsaid words, I've said em all,  
But only to myself when I crawl.

All the situations and little things you said.  
All the precious moments, moments that we had.  
Nothing feels like it felt before.  
I tried so hard, but I can't let go!

## Chorus

I tell you all the things I never told you.  
I give up everything to spend another day with you.  
I'd throw it all away just to hold you.  
For one word from you, one look from you.

Love's a charge through razor-wire.  
In No-Man's-Land under heavy fire.  
I swore to protect you, from all enemies?  
-Ladies and gents I'm here to present-  
The leftovers you see.

All the situations and little things you said.  
All the precious moments, moments that we had.  
Nothing feels like it felt before.  
I tried so hard, but I can't let go!

## Chorus

I tell you all the things I never told you.  
I give up everything to spend another day with you.  
I'd throw it all away just to hold you.  
For one word from you, one look from you.

I sing all the songs everybody else sings.  
I sing all the songs everybody else sings.  
And in all of my songs  
I tell you all the things that I never told you

## Chorus

I tell you all the things I never told you.  
I give up everything to spend another day with you.  
I'd throw it all away just to hold you.  
For one word from you, one look from you.
