

4 Lyn, Kisses Of A Strobelight

She's liquid, she's burnin, hey.
She's fire, she's drippin, hey.
She's fakin' my reality when she moves through black and white.
She's tiny, no, she's 10-feet tall
She's ugly, no, she's a porcelain doll
She's stuck up, no she looks at me... as far as I can see.

Down, down, down, don' t follow me around, round, round.
I'm waiting for the kisses of the strobelight.
Don't go, cause it's gonna be quite a ride.

Please just kiss me one more time
It's all I ever wanted
Don't you let me sleep alone tonight

I see her, she's invisible
She 's sweet, but she looks miserable
She's gracious, fascinating....
Like I'm hallucinatin'.
She 's dirty, she's squeaky clean
So friendly, but she's so mean
She's a saint and she's a sinner, hey...
As far as I can see.

Down, down, down, don' t follow me around, round, round.
I'm waiting for the kisses of the strobelight. Don't go, cause it's gonna be quite a ride.

Please just kiss me one more time
It's all I ever wanted
Don't you let me sleep alone tonight

Please dismiss me if I'm lyin'
You're all I ever wanted
Don't you make me sleep alone tonight

she runs, crawls, old, young, moves, stands still, dirty, clean, easy, complicated, black, white, sweet

Don't go, cause it's gonna be quite a ride.
